Our vibrant and forward-looking community provides our children, from 3 to 13 years, with a high quality academic education. We seek to develop the best of our pupils, staff and families within a vibrant community; one which cares and shows mutual respect for all and celebrates the success of each individual as part of the whole. The School's motto "waves of progress" (Not for oneself but for all) is at the heart of our ethos.

You'll be joining a team of enthusiastic and talented staff, whose energy, time and passion ensure that every student achieves the very best there is, through the subjects that they teach and also in their roles as House Staff and Tutors. Our academic ambition, our dedicated staff and focus on each individual's talents and strengths ensure success at each stage of the learning journey from Nursery through to the Seventh Grade.

Our students are remarkable and a pleasure to teach. Them being are tolerant, respectful, fun and giving. We expect nothing short of work hard, support each other and take risks in the pursuit of personal development and to become confident and resilient. It is no surprise that our students perform exceptionally well because of the culture they are in.

We provide a rich and varied programme of co-curricular activities, excursions and cultural experiences for all students to enjoy, including our Girl Guides, Scouts and regular national and international educational such as Mandarin, ICT , Visual and Performing Arts and sporting trips and visits when these are possible.

Our students matter to us. They are nurtured, valued and praised and given opportunities and challenges where they are allowed to enjoy their success and learn from their failures. Effort and endeavour is recognised and rewarded and not doing one's best is simply unacceptable.

We are a family school, with a strong sense of community. Positive relationships with our parents are crucial and our staff take the time to build and nurture productive partnerships.

If we are a school that appeals to you, and you are looking to make your mark, get involved and make a difference, I look forward to hearing from you.

Chipo L Mpofu

School Head
